## OFF RACE POINT.

Sch. Lottie G. Merchant Got Haul  
of Small Mackerel.

Fleet of Dozen Seiners Are Now  
Fishing Off There.

Sch. Lottie G. Merchant, Capt. Christopher Carrigan, is at Boston this morning with 10,000 fresh medium mackerel in count. The Blaney trap at West Beach, Beverly Farms, made a good haul of small mackerel Friday.

### Another St. John's Despatch.

A despatch from St. John's, N. F., yesterday says:

"The cruiser Neptune has been despatched in quest of the American fishing vessel Essex, which is reported to have seined salmon on the west coast in violation of the colonial regulations."

Sch. Essex is not a seiner, but one of the salt bank trawl codfishing fleet and when last heard from was a good many miles away from Newfoundland. There is evidently something wrong about the despatch.

## FISHED OFF SABLE ISLAND

Sch. Tattler and Lucinda I. Lowell  
Secured Fine Fares.

Absent Two Months Taking  
Ground Fish with Seine.

Sch. Tattler, Capt. Alden C. Geel, and sch. Lucinda I. Lowell, Capt. Thomas M. Denham, are at this port today from salt pollocking seining trips, the former having about 355,000 pounds and the latter 250,000 pounds of fish.

The crafts have been absent some eight weeks and both captains reports bad weather. The vessels are the only two from this port to engage in taking ground fish with a seine and the trips have been a success.

Both skippers have fished off Sable Island, Capt. Geel taking his splendid trip on the ground in 16 days. Capt. Geel says that codfish have been very few, although pollock have schooled in fair-sized quantities. Bad weather prolonged his voyage a month longer than it would have been under ordinary conditions.

## MACKEREL TAKEN OFF HERE

Schs. Lena & Maud and Effie M. Prior Make Hauls

TRAPS TAKE 10,000 FISH.

Sch Natalie J. Nelson Among  
Newport Trips with 325 Bbls.

Fresh mackerel have struck in the bay and shore and during Sunday and this morning several of the traps and netters took fish while two fine fares were taken off here by seiners.

Sch. Lena and Maud made a haul off here last evening securing 10,000 medium mackerel which she brought in here and sold to the Gloucester Fresh Fish Company this morning.

Several of the traps also did well, Alphonso Tarr taking 4000 medium mackerel at his Manchester trap, and Joseph Douglass' trap at East Gloucester also secured a fine haul with over 2500 mackerel, and at Kettle Island Tarr Bros., trap took about the same number.

Mackerel were reported schooling in small rafts off Thacher's island yesterday. Albert Story who has a trap at Milk Island, took 50 barrels yesterday morning and about 10 barrels more today. The fish were all mediums.

Sch. Effie M. Prior arrived yesterday with 6000 fresh mackerel and 30 barrels of salt mackerel, the fresh fare selling to the Gloucester Fresh Fish Company. The company also purchased the fares of sch. Lena and Maud and trap fish of Alphonso Tarr.

A despatch from Newport yesterday forenoon states that sch. Natalie B. Nickerson, Capt. John S. Seavey, arrived there yesterday with a fine fare of 325 barrels fresh mackerel. Capt. Seavey secured his haul in one set when his craft was about 70 miles south east of Brenton's Reef lightship.

Soon after the arrival of Capt. Seavey, sch. Seacomet put into Newport with a dandy fare of 250 barrels of fish taken in the same place where the Nickerson secured her haul.

Sch. Evelyn L. Smith, Capt. Joseph E. Graham, is also there with 40 barrels of fresh mackerel.

Ten vessels of the fleet were at Newport yesterday but none had reported any hauls of fish.

Sch. Thomas J. Carroll is at Boston this morning with 700 large fresh mackerel, and sch. Claudia with 5000 fresh mackerel.

Capt. Alden Geel of sch. Tatler, who has been absent eight weeks on a pollock seining trip, arrived here Saturday afternoon. Capt. Geel sighted large bodies of mackerel off Minot's light, Boston bay, on Saturday morning, and having a mackerel seine on board, made a set and secured 700 large and medium mackerel. At the time no other crafts were in sight and the fish were schooling abundantly, but fog set in preventing a further set.

The news of mackerel schooling around the shore is most encouraging. They are generally medium, just what the dealers are looking for, and the outlook is indeed encouraging.

The netters at Lanesville brought in about two barrels of medium mackerel today which sold to William E. Dennett at 5 1-2 cents each.

Seven thousand fresh mackerel were received from Prospect at Halifax on Thursday.

## NEWFOUNDLAND FISHERIES.

Gardner Working Hard To  
Straighten Dispute.

IS AT WORK ON STATEMENT.

Document Desired by Secretary  
of State Root.

A despatch from Washington on Saturday says:

Representative Gardner will not leave Washington until Secretary Root departs on his summer vacation, as question involved in the Gloucester fishing disputes are engaging their attention, and there is no prospect of an immediate settlement.

Mr. Gardner conferred with the secretary today regarding the matter, and is now at work upon a written statement which the secretary wants. It deals with the skillfully worded police regulations of Newfoundland, aimed at American fishing industries.

### OWNERS ARE SATISFIED.

Frank Carroll Will Now Command  
Otter Trawler Spray.

There appears to be general rejoicing among the fishermen in Boston that Capt. H. Dexter Malone has resigned as captain of the steam otter trawler Spray, which was exclusively announced in the Times some time ago. There is much feeling against the method of the Spray among fishermen, but the owners say that they are satisfied and will continue to keep the trawler at work. Frank Carroll, who has been mate of the craft, will take command of the boat in Capt. Malone's place.
